The Emerald City Resource Guide is a publication of Real Change and a comprehensive, up-to-date list of services for people experiencing homelessness and poverty.

This booklet serves people who may not otherwise have access to a computer or social-service agency and allows individuals to be independent in their search for services that fit their specific needs.

Funding for the Emerald City Resource Guide is made possible by the support of many organizations, agencies and foundations. Real Change would especially like to thank the city of Seattle and the Crisis Clinic for their support and partnership.

The guide is distributed at no charge to service organizations, hospitals, government agencies and community-minded businesses.

Listings in the Emerald City Resource Guide are selected based on the demand for their service and their accessibility to people experiencing poverty and homelessness. Listings are organizations or agencies that are structured specifically to work with people in need. Because of limited space, the services provided under each listing are not all-inclusive.

If possible, call in advance to confirm hours, location and documents required.

If you are looking for clothing, mail, storage and hygiene services, look in the Day Center category as well.

Many services require a photo ID and proof of address. Proof of address could be a bill, mail, rent receipt, etc. and may be able to be waived for homeless persons; call service to verify. For assistance obtaining a low-cost photo ID, visit the DSHS.

If you have specific identities, such as a person of color, Native person, immigrant or refugee, LGBTQIA, and/or survivor, be sure to read those categories for a variety of services to meet your needs.

Those ages 50 or older should read the Senior Services section.

Youth services are not in this guide. Youth should look for the “Where to Turn for Teens” guide provided by Teen Link.

Work with your caseworker for help accessing these services.

More resource guides are offered for free at Real Change as well as at many shelters, day centers, churches, libraries and food banks.
